Strategy in mind
• Focusing attention

Smart listening
While you listen, focus on key words or phrases and take notes to help you understand the general ideas in the recording.

Think critically
Make text-to-world connections
• How do you imagine life without these technological advances?
• Is Internet connection available in your city / town / area? How useful is it? Why?
Make text-to-self connections
• Which of the advances in the recording are more useful for you? Why?
• What other useful advances / devices can you mention?
