I. - READ CAREFULLY THE TEXT OF 'MY SHORT TRIP TO INDIA' AND ANSWER QUESTIONS. CHOOSE THE CORRECT ALTERNATIVE (08 points)

I went to India with a couple of my best friends, but it was a short trip. We stayed there for 7 days and travelled by plane. I liked this country very much because I experienced a feeling of total freedom. There was a special connection with nature in India because there were a lot of animals walking freely through the streets, even in very urban places like Mumbai. But India is a land of contrasts as everyone says. You can see extremely poor and extremely rich people. However, people in India are really happy. Indians work a lot, and many people work on Sundays. Things happened all the time around you. There were people offering you things, fixing things, or painting their stores.

In Mumbai there were many bookshops where you could find best sellers. What I like the most in India were rickshaws. These are small vehicles pulled by one person on foot or on a bicycle that transport tourists. I really miss India.
