Paula's opinion on different TV programmes

Hi! I'm Paula! My favorite programme is Music Machine. It's on every Saturday at eight o'clock.

Lots of famous singers are on the programme. I think it's brilliant! Another show I like is Film on Friday. It's on every Friday at half past eight. They show different films like Harry Potter or Toy Story. Sometimes, the films are funny and sometimes they're scary, the plots vary a lot. But there are also programmes I don't like.

I don't like the sports programme Tennis today. It's on every Tuesday at half past seven. My brother plays tennis and he always watches this programme. He thinks it's amazing, but I think it's boring! Oh, and I almost forgot documentaries. I love documentary Dinosaur Planet. It's on every Wednesday at six o'clock. You learn about dinosaurs and there are interviews with dinosaur experts. I think it's an interesting topic!

My mom says that I shouldn't too much TV or spend too much time on the internet, and I think she's right.

She says that many programmes on TV and many videos on the internet are not good at all. Programmes and videos should make us think and help us to improve ourselves by teaching us new things or by telling us the things that are wrong in the world.
